From My Heart

May 20, 2012

Recently President Obama came out in favor of homosexual marriage. He has even gone a step further by now stating he is also against the Defense of Marriage Act which is the law of the land. It is interesting to note that as head of the executive branch it is his duty to enforce the laws of the land. Obviously, he is not defending marriage as between a man and a woman only.

It has been stated that the President has "evolved" to this position. I do not believe this is true, but rather has become politically expedient at this time. Remember that the Word of God is always unchanging. The Word never has to adapt to culture, but culture must adapt to the Word of God. Our President claims that he is just following the Golden Rule. He states concerning this: "No matter who you love or what God you worship; you can still pursue happiness - I will support you every step of the way."

It comes as no surprise to me that this is his stance. Let us clarify some things concerning this unbiblical view:

1. Homosexuality is evil before God. (Lev. 18:22, 20:13, Romans 1:26-27, I Cor. 6:9-11)
2. When Christ gave us the "Golden Rule," it was not done to condone sin or to excuse sin.
3. There is only one true God and he has only one true Standard (Word of God).
4. Homosexual marriage is destructive toward our society and will further weaken the family unit.
5. We must stand for what is right even when labeled wrongly or condemned.
6. We must reach all people with the gospel of Christ.
7. We must guard our families and our young people.

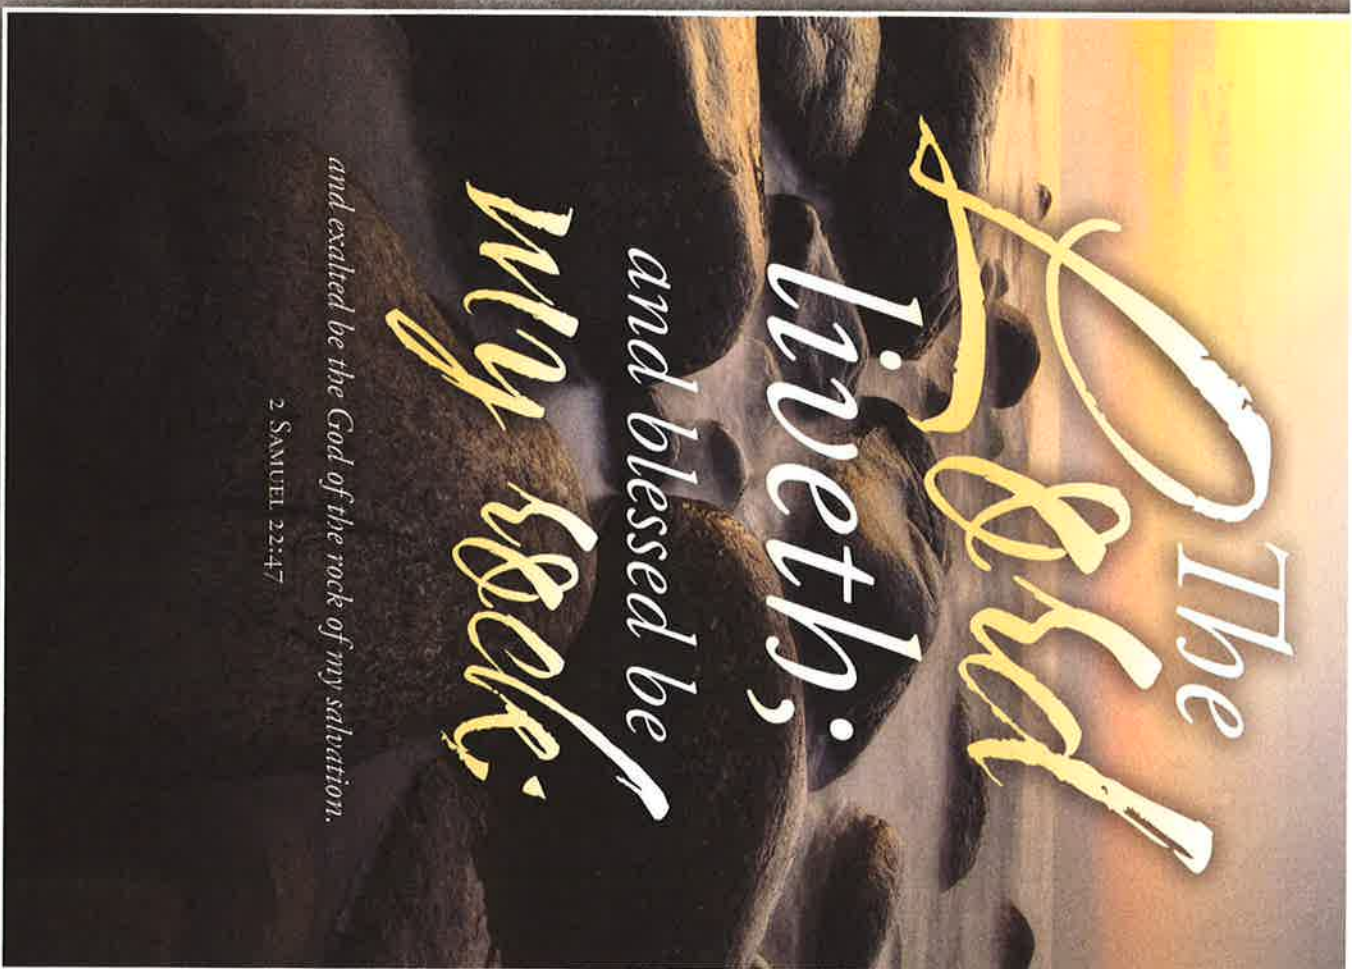

It truly pains me to see this happen in our nation and to know what the future may bring. However, may we continue to stand strong with a loving heart for the truth.
